DHC 8 EL (ZA)

COMPACT INSTANTANEOUS WATER HEATER

PRODUCT-NO.: 235971

The DHC EL fully electronic instantaneous water heater delivers hot water at the exact temperature you have set, at all times.

The temperature sensors and microcontroller technology ensure that the outlet temperature remains absolutely constant. As a result, you can luxuriate in a hot shower with no temperature fluctuations, even if someone is washing their hands at the washbasin next to you.

Select your preference; the rest is automatic: The rotary selector lets you choose a water outlet temperature of 40, 50 or 60 °C, depending on the volume you require.
