

HTT 5 AM TurboTronic

PRODUCT-NO.: 182052

Experience power in quiet form

This hand dryer is a real powerhouse that combines multiple benefits. Although powerful enough to dry hands quickly and comfortably with pleasant warmth, it operates quietly. This is an especially welcome feature for appliances installed close to office workspaces or restaurant dining areas.

The main features

Short drying times

Low operating costs

Very hygienic due to contactless operation

Especially quiet

Vandal-proof thanks to impact-resistant metal casing

Anthracite metallic diecast aluminium casing

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
