

DCE-C 10/12 Trend

PRODUCT-NO.: 238149

Find the perfect mix With this model, we have placed the emphasis on providing you with DHW convenience. The electronically controlled appliance is preset to a constant 55 °C. This makes it ideal for everyday use. You simply mix in cold water directly at the tap to achieve the preferred temperature that's right for you. The pleasure of water without the worries Hard water is not a problem for this instantaneous water heater. This is because it is equipped with a bare wire heating system. This means there is hardly any post-heating after the appliance has been switched off, thereby reducing unsightly limescale deposits.

The main features

Electronically controlled compact instantaneous water heater
