

ACKH 10

ACCESSORIES

PRODUCT-NO.: 223441

Hydrima® cassette devices are a perfect match for any installation. Their dimensions correspond to the European pattern for suspended ceilings. Except for the outlet apertures, the already compact Hydrima® technology hides itself completely behind the ceiling cover. The three-stage fan then controls the rest. Changes in your settings can be accomplished easily via the wall mounted controller. The system additionally cleans the circulating air via easy to reach filters. Additional connections for the fresh air supply have already been provided, just like the connection for cooling of an ancillary room.

The main features

Suitable for small and medium-sized rooms

For commercial rooms

Various output sizes

Type	ACKH 10	ACKH 12
Part no.	223441	223442
Heat Output	3,3 kW	4,6 kW
Cooling capacity	2,2 kW	3,5 kW

Technical data

Power consumption	60 W	80 W
Power connection	1/N/PE~230 V	1/N/PE~230 V
Air volume, internal unit	420/460/700 m ³ /h	420/460/700 m ³ /h
Sound pressure level, internal unit, 1 m distance	34/37/50 dB(A)	34/37/50 dB(A)
Height	287 mm	287 mm
Width	571 mm	571 mm
Depth	571 mm	571 mm
Weight	26 kg	26 kg

Availability: As long as stock lasts

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
