

SD 32-1 E

ACCESSORIES

PRODUCT-NO.: 232968

Pressure hoses for flow and return lines (with 30 mm thermal insulation), operating pressure 0.25 MPa with threaded fittings. With one right angle and one straight end piece.

The main features

Pressure hoses for flow and return lines (with 30 mm thermal insulation)

Simplified connection of the heat pump to the heating system

Acts as an anti-vibration mount

Pressure hose equipped with one right angle and one straight end

Type	SD 25-1 E	SD 32-1 E	SD 50-1 E
Part no.	232965	232968	232972
For pressure hose size DN	25	32	50
Length	1 m	1 m	1 m
External diameter with insulation	99 mm	106 mm	134 mm
Connections for the heating and source side	G 1 1/4	G 1 1/4	G 2

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
