

SBP 1000 E cool

HEATING BUFFER CYLINDER

PRODUCT-NO.: 227588

Overcome major challenges with ease

Enjoy the full range of functions Well equipped for major challenges – the larger versions of this buffer cylinder can be easily linked to large, high performance heat pumps, including cascades.

The largest versions of this cylinder are the preferred option for apartment buildings. A reliable operating pressure of 10 bar helps to ensure a particularly high level of reliability. If you opt to use the appliance for cooling as well, you'll have everything you need to enjoy the full range of functions offered by our heat pumps.

The main features

Specifically sized for high heat pump output, for example in the form of a cascade arrangement

Cooling operation possible

Thermal insulation as an optional accessory

Type	SBP 1000 E cool
Part no.	227588

Technical data

Nominal capacity	1006 l
Max. permissible pressure	0.30 MPa
Height incl. thermal insulation	2340 mm
Diameter incl. thermal insulation	1010 mm
Height when tilted	2335 mm
Weight	181 kg
