Convectors

CNS 200 Trend M-F (ZA)

ORDER NO: 206139

Key features

- Highly safe due to pendulum switch which switches the appliance off if knocked over
- Feet with castors and integral handle
- Long lasting stainless steel tubular heater with steel fins
- Freestanding convectors with a high heating output
- Mechanical temperature controller
- Frost protection setting
- Safety temperature limiter

STIEBEL ELTRON

Technical data sheet

Type	CNS 200 Trend M-F (ZA) ORDER NO: 206139
Order No	206139

Electrical data

Power supply	1/N/PE ~ 230 V
Rated voltage	230 V
Voltage range	230 V
Frequency	50/- Hz
Rated current	8,7 A
Connected load	2,00 kW
Phases	1/N/PE
Fuse protection	16 A

Versions

Number of heating stages	1
IP rating	IP24
Protection class	I
Colour	alpine white
Frost protection setting	7 °C
Safety system	Temperature limiter with automatic reset

Version	Floor mounted appliance

Values

Setting range	5-35 °C

Dimensions

Height	546 mm
Width	738 mm
Depth	289 mm

Weights

Weight	8.00 kg

Energy data

Rated heating output Pnom	2.00 kW
Maximum continuous heating output Pmax,c	2.00 kW
Minimum heating output (standard value) Pmin	0.00 kW
Room heating seasonal efficiency ηs	36 %
with minimum heating output elmin	0.00 kW
with rated heating output elmax	0.00 kW
in standby mode elSB	0.00 kW
Room temperature control with window open detection	-
Room temperature control with presence detection	-

Single stage heating output, no room temperature control	-
Electronic room temperature control plus day timer	-
Electronic room temperature control plus week timer	-
With electronic room temperature control	-
Room temperature control with mechanical thermostat	X
Two or more manual stages, no room temperature control	-
With adaptive start control	-
With working time limitation	-
With distance control option	-
With black bulb sensor	-

Contact information

You have questions? We appreciate to help you:

Call **+27 10 001 85 47** Write an email to **info@stiebel-eltron.co.za**

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
